## DEDICATION

To those men resting in Winnebago county cemeteries, who served with honor in the armed forces of the United States during war, this series of three books is dedicated.

1966269

In these three volumes an attempt has been made to compile genealogical and historical information of Winnebago county not readily available and which might become lost with the passing of years. If the descendants of the men mentioned above are thereby enabled to acquire some information of their ancestors not otherwise procurable the work will have served its purpose.

To Dr. Blanche Neil; Dr. H. F. Thompson; and Oscar G. Narum, county auditor, goes the thanks of the compiler for their patient cooperation.

Two histories of Winnebago county have been printed--The first a combined history of Kossuth, Hancock and Winnebago counties, published in 1884. The second a history of Hancock and Winnebago counties printed in 1917. In 1934 a fifteen year history of the Forest City Legion post was prepared by L. D. Prewitt, and several copies typed.

The 1884 history has the following concerning the formation of the county and the various townships and towns in the county:

Page 732-"The legislature of the state during the session of 1850-51 established and defined the boundaries of what is now Winnebago county. Prior to 1851 Winnebago was a part of Fayette county, and at the session of the legislature above referred to, it was attached to Polk county. Jan. 12, 1853, it was attached to the county of Boone, and remained a part of that county until July 1, 1855 when it was attached to Webster. Thus Winnebago county was under the judicial control of Webster county until the fall of 1857 when an order was issued for an election to organize the county and elect county officers"+++ Winnebago county is the middle one of the northern tier of counties in the state, and is bounded on the north by Minnesota, on the east by Worth county, on the south by Hancock, and on the west by Kossuth county. It comprises the territory of townships 98 to 100 north, inclusive and ranges 23 to 26 west inclusive."

Page 732- "-where in March, 1856 Robert Clark laid out the town of Forest City."

Page 741- "In 1856 some nine families of Norwegians settled in the northeast part of the county. This class of the population did not receive any further accessions until 1865, but since that time there has been a heavy immigration, so that at present they constitute fully one half of the population of the county; there being somewhere in the neighborhood of 400 families of Norwegians, Swedes and Danes, the Norwegians being in the majority. The balance of the population of the county is made up almost entirely of Americans, there being however, a few Germans and Irish." (Note: There are now many Germans in Buffalo, Grant and Lincoln townships and Germans in Madison township of Hancock county, right south of Forest township.) The population is still largely Scandinavian, with the Norwegians in predominance. Most of the early Norse settlers came from the old country direct ~~or~~ from Dane county, Wisconsin. LDP)

Page 749 " The population of the county in 1835 was only 298. In 1870 it was 1572, and in 1880 about 5,000."

Page 753 " The records of the county were destroyed by fire in the fall of 1861" (Note: The only fire suffered to date, August, 1934-LDP)

Page 754 - " In 1859+++the county at this time was divided into but two townships, Forest and Pleasant."

Page 756 - " At a regular meeting of the board, June 6, 1864 ++ ++the board perfected the re-division of the county into civil townships,

described as follows: Norway township to comprise sections 7 to 30 inclusive of township 100, ranges 23, 24, 25 and 26.

Pleasant township to comprise section 31 to 36 inclusive of township 100, ranges 23 to 26 inclusive; also sections 1 to 18 inclusive of township 99, ranges 23 to 26 inclusive.

Center township to comprise sections 18 to 36 inclusive, of township 99, ranges 23 to 26 inclusive; also all of township 98 range 23 and sections 1 to 3 inclusive, 10 to 15 inclusive, 22 to 27 inclusive and 36, also that part of the east one half of section 35 north of L street and east of Fourth street in Forest City, in township 98, range 24.

Forest township to comprise sections 18 to 36 inclusive of township 99, range 26 and all of township 98, ranges 25 and 26; all of sections 4 to 9 inclusive, 16 to 21 inclusive, 28 to 34 inclusive and the west one half section 35 and all south of L street and west of Fourth street in Forest City in township 98, range 24."

Page 758 - "At a meeting of the board June 3, 1868, the county was divided into five civil townships as follows:

Norway township to comprise township 100, ranges 24 to 26 inclusive and also the west half of township 100, range 23.

Pleasant township to comprise the east half of township 100, range 23, the north half of township 99, ranges 23, and 24, and sections 1 to 3 inclusive and 10 to 15 inclusive of township 99, range 26.

Center township to comprise the south half of township 98, range 23 also sections 1 to 30 inclusive, section 36, and all that part of Forest City located east of Fourth street and north of S street in township 98, range 24, and also sections 31 to 36 inclusive of township 99, range 26.

Forest township to consist of the south half of township 99, range 23, also north half of township 98, range 23, and sections 19 to 30 inclusive of township 99, range 24.

Forest township to comprise all of township 98, range 26, also section 5 to 8 inclusive, 17 to 20 inclusive, 29 to 32 inclusive to township 98, range 25, also sections 31 to 34 inclusive the west half of section 35, the southwest quarter of the southeast half of section 36, and all that part of Forest City, lying south of S street and west of Fourth street in township 98, range 24."

Page 759- " In 1883 Winnebago county was composed of seven civil townships, namely: Norway, Center, Mount Valley, Forest, Linden, Newton, and Logan.

Mount Valley was created by act of the board of supervisors, in January, 1879, and embraced all of township 98, range 23 west.

Linden, set off in April, 1880, comprised all of township 98, of ranges 25 and 26.

Forest, which had formerly embraced all the southern<sup>n</sup> tier of congressional townships was thus left township 98, range 24.

Newton was set off in April, 1881, and consisted of all of township 99, ranges 24, 25, and 26 leaving

Center, which had formerly comprised the middle tier of townships, co-extensive with township 99, range 23.

Logan was set off at the same meeting, as was Newton. It consisted of all of township 100, ranges 24, 25, and 26:

Norway was thus made to comprise township 100, range 23. It had previously embraced all the north tier of townships.

## King Township

50      Rose Hill cemetery at Thompson      page 70

Located at the west side of the town of Thompson. The cemetery is well tended. This data was copied in the early spring of 1934.

51      West Prairie Synod Lutheran church cemetery      page 78

Located by the church in the southeast corner of the northeast quarter of section thirty-six of King township. The cemetery receives fair attention. This data was copied in the early spring of 1934. On some maps this church is erroneously marked as a Methodist Episcopal church.

Two additional cemeteries are marked on some of the maps of this county as located in this township. Both were started, but abandoned soon afterwards and all bodies moved. A rather thorough investigation shows that all the bodies were moved. The cemeteries were located (1) along the west section road of section three and (2) in the southwest corner of the northwest quarter of section fifteen.

There are only five graves in the cemetery of which only one is marked and that by a cement marker that has no inscription. The church was moved from the location years ago but the cemetery is still fenced in. From old residents in the township we learn the following concerning the five graves:

The Two Sieckmer<sup>i</sup> infants.

Mrs. Wagner, an elderly lady whose relatives are now in Michigan.

A Coob (or Koob) child.

## "North" cemetery

Add

At the north edge of the town of Forest City. This cemetery is in fact three separate cemeteries, all well tended. Located in the Northwest corner of the Southwest quarter of section twenty-five of Forest township.

## 100a The Swedish Baptist cemetery

Page 172

Located in the northwest corner with a row of evergreens as the east boundry separating from the Oakland cemetery and a one strand wire fence from the Oakwood on the south. This south boundry is just a few yards north of the North driveway into Oakwood cemetery. The cemetery is bounded on the West by the paved highway fifteen. Data copied in the summer of 1934.

## 100b The Oakland cemetery

Page 176

This cemetery is bounded on the south, east and north by open fields. The southeast corner of the John Plummer lot is the northeast corner of the Oakwood cemetery, according to the present records, but the Oakwood cemetery must have extended further east at one time, judging from the fact that stones along the north line of Oakwood in what is now Oakland bear dates prior to the date of the organization of the Oakland cemetery. The Oakland cemetery association was organized December 15, 1892 according to an item in The Forest City Summit of about that date. This data was copied in August of 1934.

100c Oakwood cemetery

Page 194

This is the oldest cemetery in the vicinity and the oldest of the group of three. It is bounded on the West by the paved highway "fifteen", on the South by open field, on the East by Oakland cemetery, on the North by the Oakland and the Swedish cemeteries. In the Forest City Summit of January 18, 1872 is an item mentioning that Judge Clark had donated the land for the establishment of this cemetery. Prior to that time the community burial ground was located near the evergreens north and west of and close to the northwest corner of Block eight in Forest City. When Oakwood was prepared many of the early graves were moved from the first cemetery to Oakwood but early settlers state that there are still graves in that old burying ground although at the present time there is nothing to indicate that fact. Data copied in August, 1934.

## GRAVES REGISTRATION

This is a partial list of War Veterans who have lived in or are buried in the vicinity of Forest City, compiled by L. D. Prewitt for the American Legion. The ( ) indicated that they are thought to be buried near Forest City; (Ow) for the Oakwood cemetery; (Ol) for the Oakland cemetery; (M) for the Madison township cemetery; (St) for the St. James cemetery; (Sw) for the Swedish cemetery; (E) for the Ellington township cemetery; and (W) for the Winnebago church cemetery. The civil war names with the \* are taken from an account book of the local Hayden GAR post, number 151, kept by J. F. Thompson and J. W. Mahoney from 1839 to 1895, and now in the possession of M. H. Thompson. Where two dates follow a name without an explanation, the first is the date of birth, and the last the date of death.

This and additional information collected in the future and information gathered thru this work will be found on blanks in the Graves Registration Department of the office of the Adjutant General, ING, at the state capital of Iowa.--L. D. Prewitt.
